L2e · L5eEQUIPMENTS

3-WHEELS ELECTRICAL SCOOTER

OPTIONAL

STANDARD

/ehicle		
CHICK		_
Exclusive patented pendulum system: vehicle stability and handling	•	
Reinforced chassis adapted to intensive and professional use	•	
Driving position defined by occupational ergonomists	•	
Dual-density and adjustable 3 lengthwise position comfort + seat	•	
ABS body tinted mass high UV resistance	•	
Standard colour: White RAL 1099	•	
Removable and interchangeable body panels	•	
Specific colour (additional time)		•
All specific adaptations may be studied according to feasibility		•
afety		
Braking by independant front/rear hydraulic brakes with sliding callipers and ventilated disk (L2e \cdot L5e)		
Combined braking + pedal (L5e) - Rear disk: Ø180mm / Front disk: Ø220mm	•	
Parking brake with simultaneous pendulum movement locking (immobilisation of the loaded vehicle (on a 20% slope)	•	
Stabilised parking without stand	•	
Right and left rear view mirrors	•	
Horn, pedestrian warning system, reversing beep, no-driver on seat horn	•	
High rear bodywork and goods protection bumper	•	
Left and right driver feet protection side bumpers	•	
Third brake light	•	
Third brake light Windscreen Windscreen with leg protection	•	
Windscreen Windscreen with leg protection oads	4	•
Windscreen Windscreen with leg protection oads Front luggage carrier		
Windscreen Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L)	•	
Windscreen Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L)		
Windscreen Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L)	•	
Windscreen Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L)	•	
Windscreen with leg protection oads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L)	•	
Windscreen Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request	•	
Windscreen with leg protection Oads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Lectrical performances	•	
Windscreen with leg protection Oads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Electrical performances Vehicle charge on domestic plug adaptable according to country	•	
Windscreen with leg protection Oads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Electrical performances Vehicle charge on domestic plug adaptable according to country Fluid and progressive acceleration + reactivity	•	
Windscreen with leg protection Oads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Iectrical performances Vehicle charge on domestic plug adaptable according to country Fluid and progressive acceleration + reactivity Electric regeneration on braking	•	
Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Electrical performances Vehicle charge on domestic plug adaptable according to country Fluid and progressive acceleration + reactivity Electric regeneration on braking Charge cable safety	•	
Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Electrical performances Vehicle charge on domestic plug adaptable according to country Fluid and progressive acceleration + reactivity Electric regeneration on braking Charge cable safety	•	
Windscreen with leg protection coads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Electrical performances Vehicle charge on domestic plug adaptable according to country Fluid and progressive acceleration + reactivity Electric regeneration on braking Charge cable safety Comfort Reversing function	•	
Windscreen with leg protection Oads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Iectrical performances Vehicle charge on domestic plug adaptable according to country Fluid and progressive acceleration + reactivity Electric regeneration on braking Charge cable safety Comfort Reversing function Combination counter with optical bonding technology	•	
Windscreen with leg protection Oads Front luggage carrier Reinforced rigid rear stock (320L) Under seat container (10L) Large volume rear storage (550L) Front container (30 L) Front and rear stock customisable at customer's request Iectrical performances Vehicle charge on domestic plug adaptable according to country Fluid and progressive acceleration + reactivity Electric regeneration on braking Charge cable safety Omfort Reversing function Combination counter with optical bonding technology Reinforced and expanded central foot rest zone in non-slip aluminium	•	

3-WHEELS ELECTRICAL SCOOTER

TECHNICAL CARACTRISTICS

BATTERY			
Type of battery Lithium			
Unit weight in kg 38 kg			
Voltage in Volt	51		
On-board power	n-board power 4,14 kWh (1 battery) / 8,28 kWh (2 batteries		
BMS integrated into the battery	yes		
Heating system	Ves		

	On-board charger	yes		
	Main supply	230V-16A		
Charaina tina	4,14 kWh	8,28 kWh		
	Charging time	< 4h	< 8h	
	Charging power	2 00	0 W	
ENGINE AND TRANSMISSION				
Type of engine		DC brushl	ess motor	

BATTERIES CHARGING

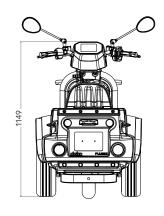

SPEED AND AUTONOMY				
	L2e 4,14 kWh	L2e 8,28 kWh	L5e 8,28 kWh	
Maximum speed when empty	45 km/h	45 km/h	90 km/h	
Autonomy in WMTC cycle*	62 km	121 km	115 km	

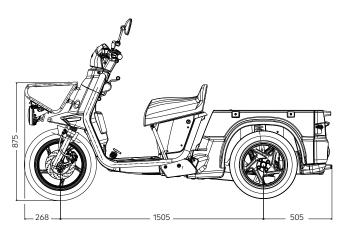

ENGINE AND TRANSMISSION				
Type of engine	DC brushless motor			
Daniel and the settle	L2e	L5e		
Power rating**	3,9 kW	6,8 kW		
Transmission	Reducer with différential 1/12			
Tyres + aluminium rims	Front : 90/90 R14 Rear : 140/60 R13			

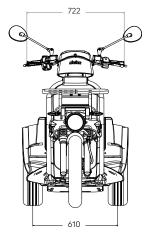

PAYLOAD (kg)

	Litre	L2e 4,14 kWh	L2e 8,28 kWh	L5e 8,28 kWh
Front loading area		20 kg	20 kg	20 kg
Front bag	30 litres	20 kg	20 kg	20 kg
Rigid rear stockage	320 litres	45 kg	45 kg	45 kg
Large-volume rigid rear storage	550 litres	60 kg	60 kg	60 kg
Vehicule weight***		240 kg	278 kg	278 kg
Gross Vehicle Weight Rating		483 kg	521 kg	521 kg

DIMENSIONS (mm)

^{*} Theoretical values accordint to WMTC cycle
** On 30 minutes
*** Unladen weight (excluding luggage rack fluids and containers)
